SUBJECT : Questions Posed by Detachment A Personnel

1. The following questions were extracted from the Detachment A message which you read in my office on 9 August 1957:

A. What is the possibility of rejoining the service in an inactive reserve or National Guard status while keeping accrued service time and other benefits accompanying a return to active duty?

B. What is the rank and promotion standing of each pilot if he returns to active duty in the AF?

C. Does Exchange Duty require a regular commission? Which raises the question, what is the status of regular commissions applied for?

D. For those re-entering AF, will it be possible to go back with a current green card?

E. What are the proposed 1958 and 1959 location of Century Series Fighter outfits by command, including Europe, if it is possible to return there?

2. It is requested that you furnish comments on the above items prior to our departure for the Detachment A area.
